# Catch Your Mess!

## (夜市亂丟樂)

You got over-excited at the night market...  
now clean up your chaos!

Genre: Arcade / Reflex / Endless Catcher

You went wild at the night market — tossing snacks, coins, and fireworks everywhere.

Ayie (the stall owner) isn't amused 😠.

She hands you a basket and yells, "You made this mess, you catch it!"

Now it's up to you to redeem yourself by catching all the good stuff before the night ends —

and avoid the buhao dongxi (壞東西 / bad junk) that makes things worse!

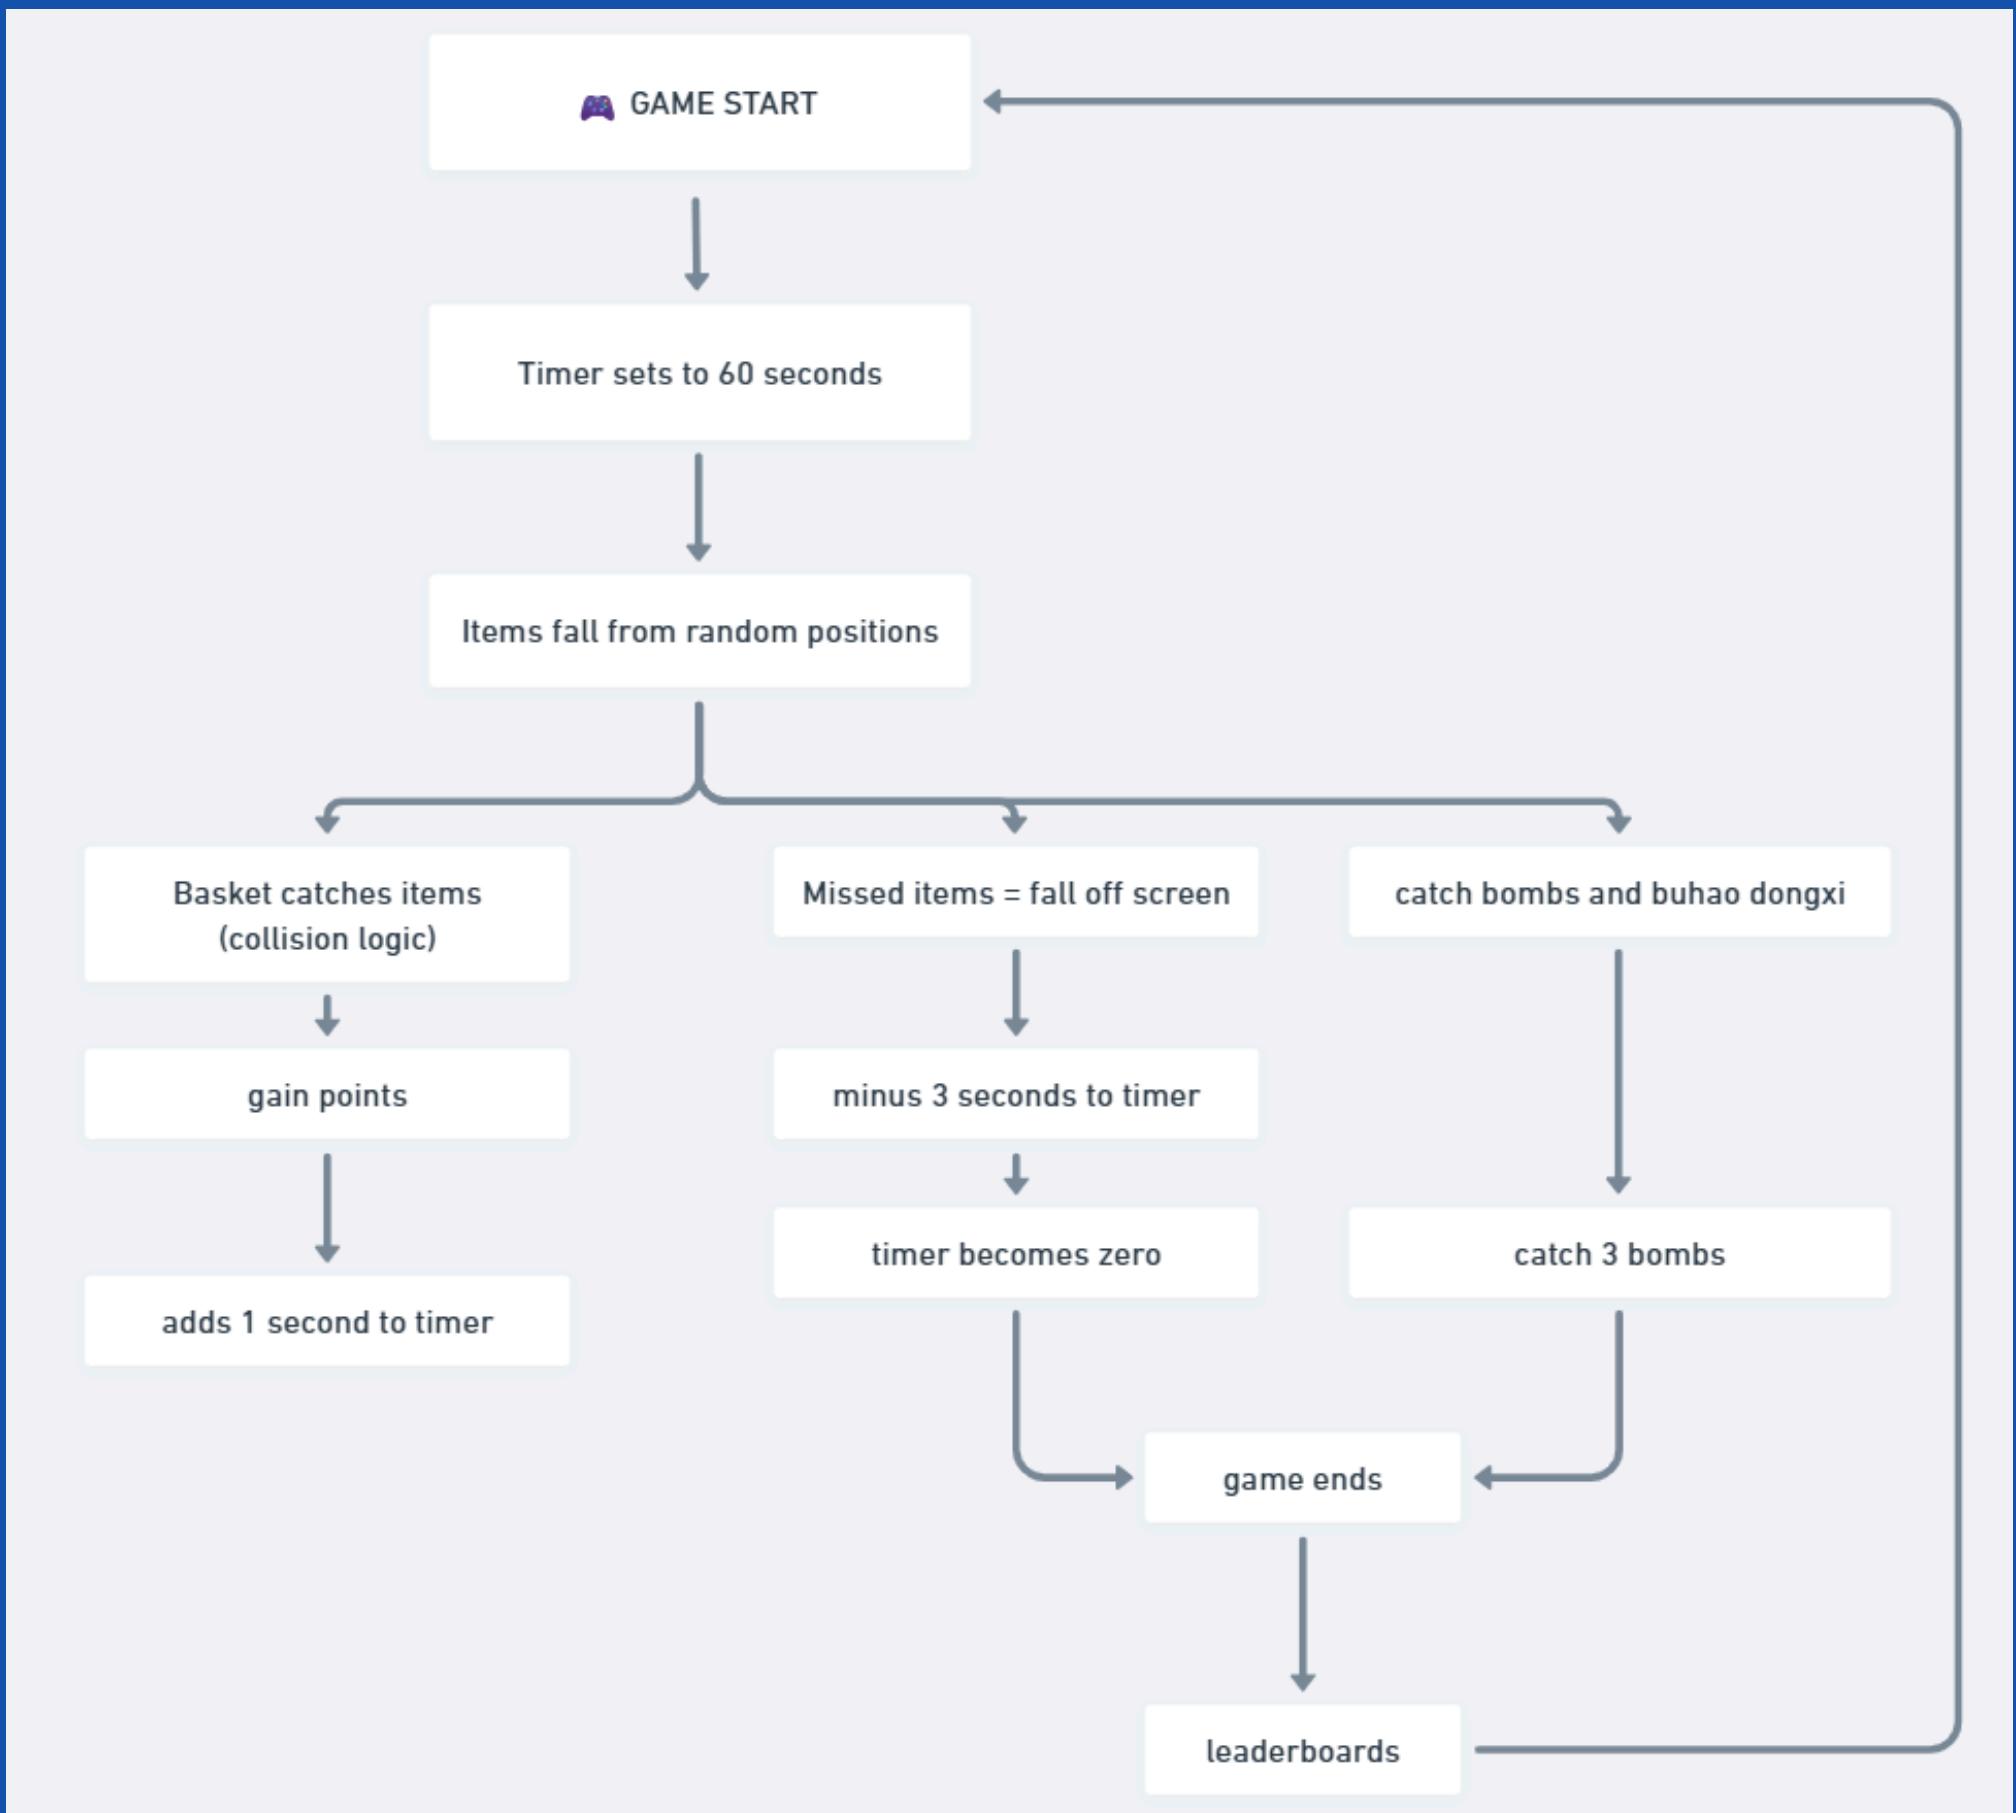

### Controls:

- Desktop: ← → arrow keys to move basket.
- Mobile: Touch and drag to move left/right.
- Feedback: Subtle screen shake or sparkle when catching items.
